

# Slackers Team Meeting

~ October 17th, 2018 ~

## Updates:

- We got some backend code working

## This Meeting:

- Look at Milestone #3
- Continue coding
- Work on frontend services
- Work on backend services
- Discussed linking posts together in order to create a sudo-comment system
  - Adding a field in the forum table that is 'reference number'
  - Linking to pages within the forum with a reference system where clicking the reference number moves you to the spot in the page where the reference post is listed
  - Adding a graph structure with a 'show replies' button to show replies to a post.
- Andy will add reviewers to pull requests
- Finished setting Continuous Integration setup

## Next Meeting:

- Continue coding
- Milestone #3
- Fix build process
